LOAN PROGRAM SHARING DISCOUNT

Want to earn up to \$1000 in credit for STR products? It's very easy; here's how:

1. Borrow a scope FREE for 2 weeks
2. Show your loan unit to colleagues, friends, or anyone else who is interested
3. Provide STR with the contact info of those you showed the scope to
4. Receive \$10 in credit for each valid contact

FURTHER DETAILS:

Our free loan program allows you to borrow most of our products free for 2 weeks to evaluate (see [Loan Program](#) information page on our website). During this 2 week period, show your loan scope to as many people as you think might be interested in the scopes. The spirit of this program is to spread the word about the scopes to others outside your school, district, or organization while you are taking advantage of the free loan. This can be other teachers, administrators, colleagues in neighboring towns and even friends who work in other fields where the scopes are valuable (skin and hair care, industry/manufacturing). There is a five (5) contact limit per school or organization.

Make note of those who are interested in further information on the scopes. Upon returning (or purchasing) the loan unit, provide the contact information to STR and you'll receive \$10 in credit for each valid contact.

Here is the minimum we need for each valid contact:

1. Full Name (limit 5 per school or organization)
2. School or organization they are with
3. Phone Number
4. Email Address

This information will NOT be shared with ANYONE! We send a couple of regular emails a month; we do not send spam and always accept list removal requests.

Here is what you get:

\$10 in credit for each valid contact provided up to \$1,000 (that's 100 people for all you math whizzes). The credit can be used for any item we sell, even sale and clearance items! The credit will expire after one (1) year from issue. Call or email us before placing an order to arrange use of the credit for partial or full payment on your order.
